## **List of Requirements for Year 1 Students 2021**

Dear Parents,

Welcome to Year 1!! We hope 2021 will be a wonderful and exciting year for your child at school with lots of engaging experiences and opportunities for learning and fun. We look forward to getting to know both you and your child throughout the coming year.

### **Class Requirements for Semester One**

Below you will find a list of requirements for Year 1 students next year. This list will be sent out again early next year, but for those of us who like to be organised early, this will help. It would be wonderful if you are able to send in the items as soon as possible into the new school year. Your child will require the following items which will be put into class sets for all students to use, so there is no need to have names written on them;

- 4 x 35 gram Bostic Glue sticks (this brand is the most effective as the other brands do not retain their stickiness for long)
- 1 box of tissues
- 1 sheet of coloured cardboard

Your student will also require these items **labelled with their name**;

- a pair of scissors appropriate to your child's age that are not safety scissors, as these are not effective for cutting in art and craft. Those used last year will be fine (there are left-handed scissors available to be purchased for left-handed children)
- a paint shirt (the paint shirts from last year will be fine)
- a library bag
- 1 **A4 Micador** clear plastic document wallet –for daily reading (large A4 zipper-top). *We strongly urge parents to buy the Micador brand as they are more durable and are large enough for the the variety of books and notes that also come home. These are available at Jenny's Classroom.*
- **Pencil cases and textas are not required**

*We are looking forward to a successful year working with your children.*
